Presentation:

The EOSIAM - European Organization for Scientific Interdisciplinary Anti-Aging Medicine has been created by a group of experimented physicians who are recognized as prominent experts in Global Anti-Aging Medicine and/or are organizers of prominent Anti-Aging conferences. Each seminar will have at least one of these physicians as coordinator.

Proposed by the European Organization for Scientific Interdisciplinary Anti-Aging Medicine and endorsed by WOSIAM (World Society of Interdisciplinary Anti-aging Medicine), the ECAAM (European Course Anti-Aging Medicine) offers you the possibility to gradually learn, theoretical & practical data at the same time, for a safe practice of anti-aging medicine.

Joining the ECAAM:

The ECAAM - European Course in Anti-Aging Medicine is an International training proposed by EOSIAM & WOSIAM in Anti-Aging Medical Knowledge & Therapeutics for all medical practitioners.

Who may attend?

Only licensed physicians may attend these trainings to acquire or improve an adequate knowledge to prescribe Preventative and Anti-Aging therapies (including safe hormone replacement therapies).

The courses could be eventually attended by other health professionals after official request and acceptance by the ECAAM scientific board.

The purpose being to provide practical knowledge applicable in the everyday practice, the content will focus on well-being and well-aging scientific based therapies, the public concerned is:

- *Anti-Aging practitioners seeking to obtain up-to-date information to improve their consultation*
- *Aesthetic practitioners: Dermatologists, Plastic and Aesthetic Surgeons and Aesthetic physicians, willing to obtain anti-aging knowledge to include in their own practice for a global anti-aging management of their patients*
- *General Medicine practitioners willing to have a more preventive approach of their patients' management, to be able to offer them safe therapies for a better health, and an additional competence to address their patients to the corresponding specialists and coordinate their management in cooperation with them (gynecologists, endocrinologists, andrologists, cardiologists, etc...).*
- *Medical spa medical practitioners, for up-to-date information applicable in the Medical Spa.*
- *Specialists from different fields of medicine: Gynecologists, Endocrinologists, Andrologists, Cardilologists, Neurologists...etc, with the objective to include more prevention and global ageing management of their patients.*

Registration – Physician license copy:

You can register separately to each Seminar.

License: At the time of its first registration the participant will have to provide the copy of its original license as Medical Doctor.

Purpose of the European Anti-Aging Medicine Course:

- Provide more practical information to physicians on how to efficiently and safely practice Anti-Aging medicine.
- Provide efficient courses with theoretical and mainly practical information on each important topic in Anti-Aging medicine.
- Provide certificates that attest the attendance of a physician to such courses. Such documents that acknowledge the effort a physician has made to acquire the theoretical and practical information in preventive and anti-aging medicine, confirm the competence a physician has reached and may be valuable in front of patients, colleagues, medical boards, insurances, and all other persons or institutions who ask a physician to prove his competence.

Courses Practical highlights:

Each seminar will offer special Practical Cases sessions with interpretation, explanations and solutions. You are invited to bring your own cases to discuss them with the panel of experts and colleagues.

Training days in private practice:

The ECAAM Scientific Committee will be able to propose a list of experts to the participants willing to spend training days in the private practice of an expert. The modalities of such training days will be discussed individually between the participant and the expert.

Certificate provided:

*The participants will receive a certificate of participation for the seminar listing all topics presented during the concerned training with the mention :
«Certificate of Post-University Education in Anti-Aging Medical therapeutics»*

How to participate - Costs?

Per Seminar:

Each participant can register separately to each seminar. Each two-day seminar costs 950 Euros

Where?

ECAAM trainings are planned to take place in Europe, opening the Major International congresses supervised by the WOSIAM.
